## **DETAILED ACTION**

### ***Claim Rejections - 35 USC § 112***

Claims 9-11 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In regard to claim 9, clear and proper antecedent basis for the “induction chamber” (line 1) and said “inlet” (line 4) should be defined. Furthermore, it is noted that claim 9 consists of only a single *wherein* clause; it appears to the Examiner that Applicant intended to rewrite claim 9 to include all of the limitations of Claim 1. Accordingly, Examiner suggests rewriting claim 9 to include all of the language and limitations of claim 1 in order to overcome the above stated rejection.

### ***Allowable Subject Matter***

Claims 9-11 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.

### ***Response to Arguments***

Applicant's arguments with respect to claims 9-11 have been considered but are moot in view of the new ground(s) of rejection.

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
